

S&S COUNTER EJECTOR PUSHER UPGRADE

Corrugated Gear and Services now offers an air operated pusher conversion that eliminates the overhead hood, pusher chains, sprockets, shifter gearbox and 90VDC clutch! This conversion comes complete with an electronic photo eye and digital read out for stack count, and the long and short hold down assemblies. This upgrade can be installed on ALL S&S and PRIME counter ejectors. Standard installation can be completed in 3 days.

DRASTICALLY REDUCES MAINTENANCE BY ELIMINATING ALL CHAINS, SPROCKETS AND GEARBOX

ACCURATE PIECE COUNT WITH PHOTO EYE AND DIGITAL READOUT
